REISSUE APPLICATION DECLARATION BY THE INVENTOR

As the below named inventors, we hereby declare that:

Our residence, post office address and citizenship are as stated below next to our names.

We believe we are the original, first inventors of the subject matter which is described and claimed in patent number 5,848,492 issued on December 15, 1998 for which a reissue patent is sought on the invention entitled **AGRICULTURAL METHODS WITH SUPERHEATED STEAM**, the specification of which was filed by an authorized person on my behalf on December 15, 2000.

We have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

We acknowledge the duty to disclose information which is material to the examination of this application in accordance with Title 37, Code of Federal Regulations, §1.56(a).

We verily believe the original patent to be wholly or partly inoperative or invalid, by reason of the patentee claiming more or less than patentee had a right to claim in the patent.

SFO 4029235v1

At least one error upon which reissue is based is that the applicant had claimed less than he was entitled to claim.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicants.

Inventor hereby affirms that the above-referenced patent has not been assigned to other parties.

As the named inventors, we hereby appoint the following attorneys and patent agents, with full power of substitution and revocation, to prosecute this application and to transact all business in the United States Patent and Trademark Office connected therewith and request that all correspondence and telephone calls in respect to this application be directed to COUDERT BROTHERS, 4 Embarcadero Center, Suite 3300, San Francisco, CA 94111, Telephone No. (415) 986-1300:
